### THE NEXT GENERATION OF HANDHELD POWER WITH WINDOWS® 7 PROFESSIONAL.<sup>1</sup>

The Panasonic Toughbook® U1 Ultra is the newest member of the Toughbook U1 family, and is the clear alternative for legacy Windows® Mobile solutions when you need your mobile workers to do more in the field and need an advanced mobile solution that can work anywhere. The U1 Ultra features a brilliant LED screen capable of up to 6000 nit in direct sunlight and can automatically adjust its screen brightness to fit its environment. Genuine Windows® 7<sup>1</sup> support means an easier to use interface and more off-the-shelf commercial applications than any OS on the planet. Plus, the U1 Ultra features a rugged modular design and a host of integrated options like GPS, Gobi™ mobile broadband, a 2MP camera and barcode readers—there are no limits to productivity. The U1 Ultra is ideally suited for multitasking applications such as SAP, CRM, turn-by-turn directions, drawings, schematics, GEO tagging and paperless forms, to name a few. And for more basic applications and usage environments, the Toughbook U1 Essential is the perfect companion with a combination of value and versatility.
