*1: For software supporting Chromatic Aberration Compensation (CAC) file,
please download from "Software download" on Panasonic website:
https://pro-av.panasonic.net/en/
*2: A power cable is included with the AC Adaptor.
*3: With the use of a serial remote control cable AJ-C10050G,
power for ROP is supplied from a CCU.
*4: When AK-MSU1000GJ is connected to AK-UCU600PJ/UCU600EJ/UCU600PSJ/
UCU600ESJ via serial cable, AW-PS551 or PoE+ HUB is required.
*5: Requires firmware version 4.50 or later. For more details, please see "Service and
Support" on the following website(https://pro-av.panasonic.net/en/).
